

SCIENCE NOTEBOOK LEARNING TARGETS

1. I can maintain an organized science notebook.

- pages numbered
- each entry includes title and date
- work is neatly completed (I can read it and so can others.)
- table of contents kept to date
- designated learning targets recorded each day (* - have an asterisk in the plan book)
- useful for tests, quizzes, and regular study sessions

2. I can maintain a science notebook that shows evidence of learning.

- all required assignments are completed with craftsmanship
- student shows work above the basic requirements
- pictures, diagrams, symbols, color, and creativity is used to aid/demonstrate learning
- student demonstrates grit, curiosity, craftsmanship, and integrity (work is your own)
